In Vienna the garbage has to be deposited in a specific room, situated at the ground floor of every apartment building.

LEDERERGASSE ⇒ ENTRANCE ⇒ GARBAGE DEPOSIT

The flat is at the 5^o floor.

Luckily, here you can find an elevator, but just because this building is a new construction.

INSIDE

LEDERERGASSE ⇒ CORRIDOR ⇒ PLAN OF THE FLAT

In Austria they are used to get off the shoes at the entrance.

On the door you can find an useful timetable of all the public transports you need!

The corridor is useful as common place where to hang the laundry.

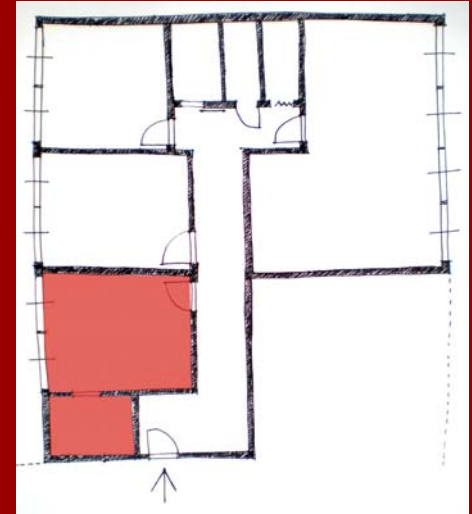

07

WILLKOMMEN!!!

LEDERERGASSE ⇒ FLAT ENTRANCE ⇒ ENTRANCE HALL

The first bedroom is big and wonderfully bright, thank to the huge windows.

It's used, most of all, as a place where to study.

08

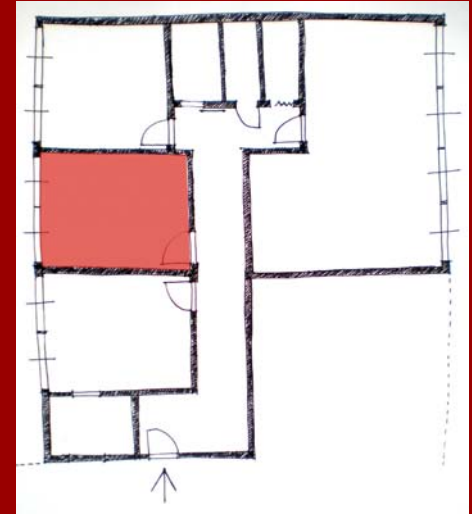

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ ROOM_1

The second bedroom
seems more like an
entertainment-room!

And, of course, boys
are a bit more messy...

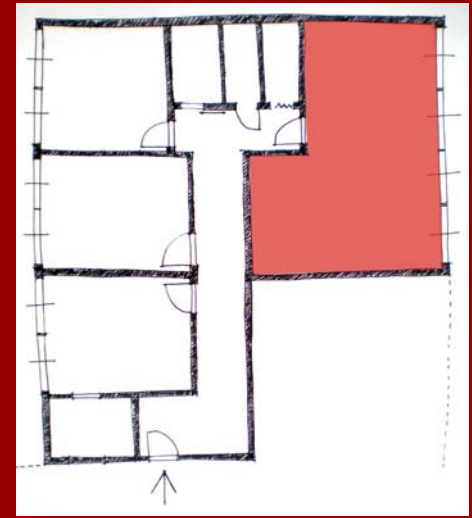

But look at the romantic
viennese skyline!!!

09

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ ROOM_2

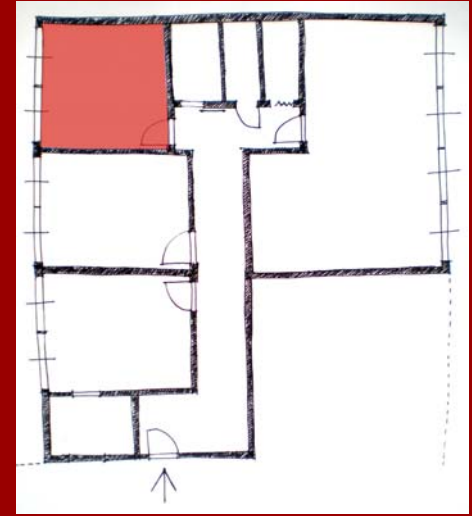

The third bedroom is really huge and lends himself to organize the typical home-made party!

1 0

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ ROOM_3

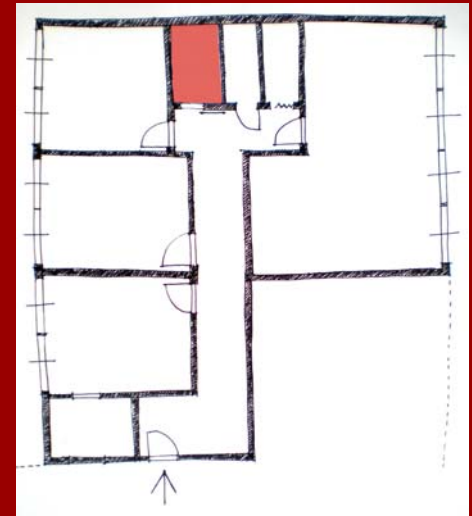

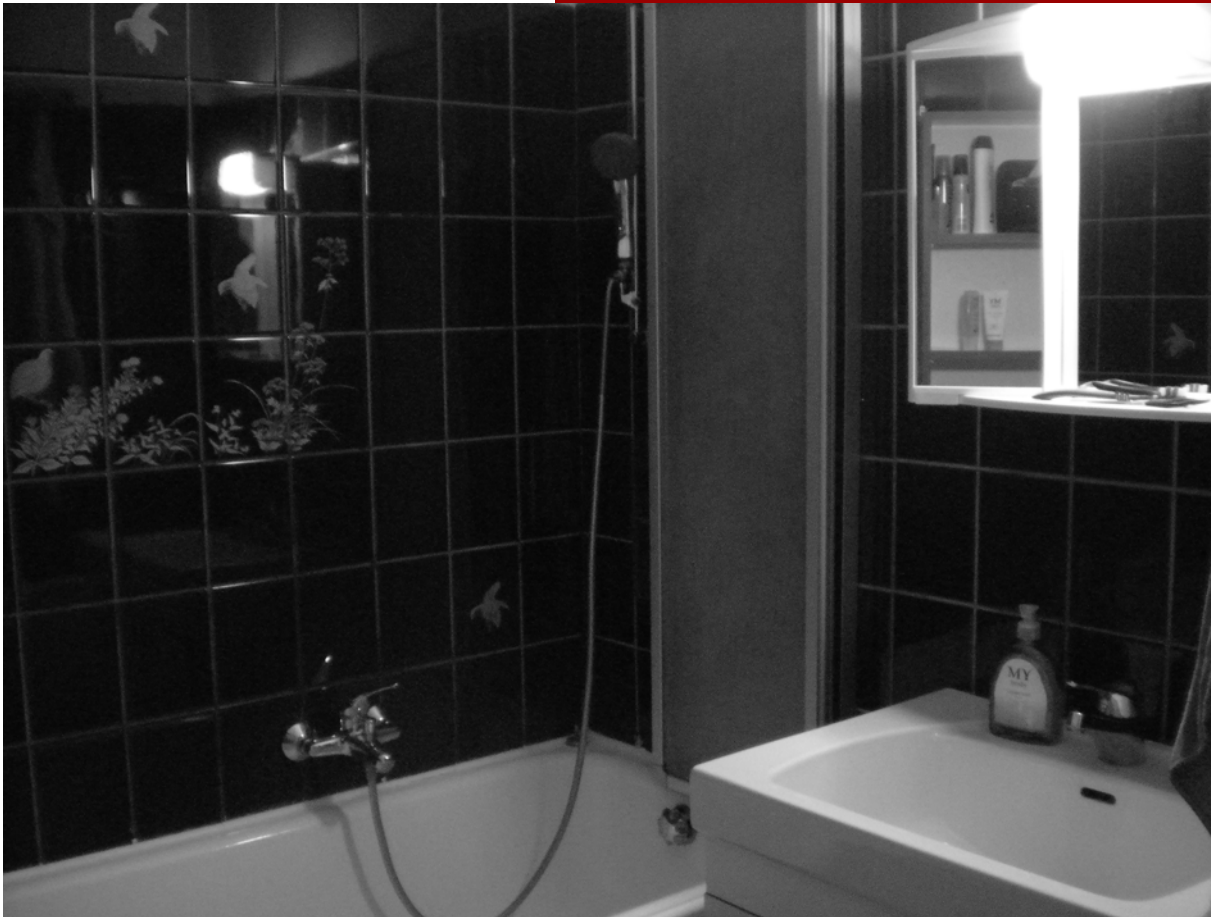

The kitchen is well equipped with all the "white goods"!

Here the mixture of cultures takes place with the best result!

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ KITCHEN

1 1

In the bathroom you can find only the washbasin and the bath/shower...

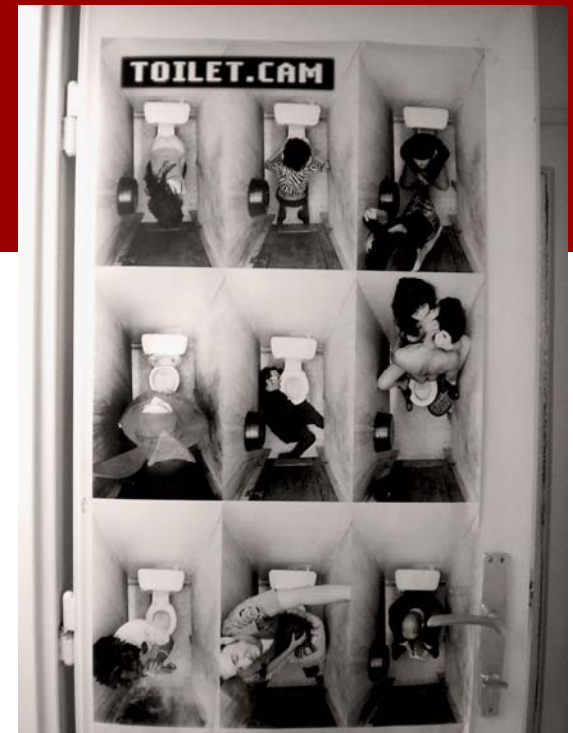

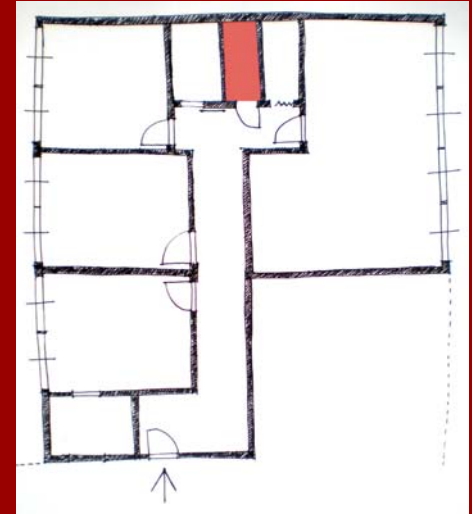

1 2

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ BATHROOM

... because the toilet is always separated!

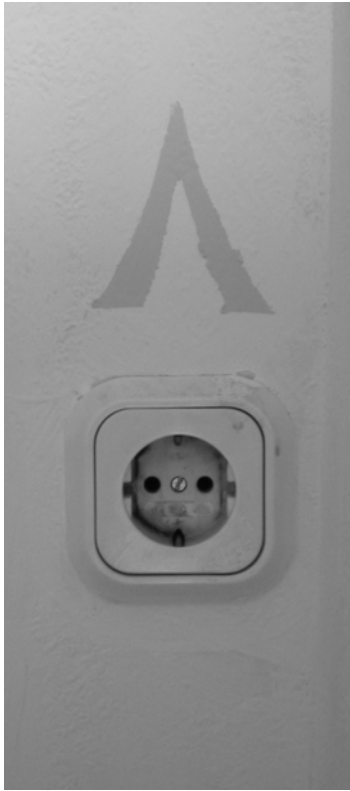

But this is very useful in a flat where more people are living!

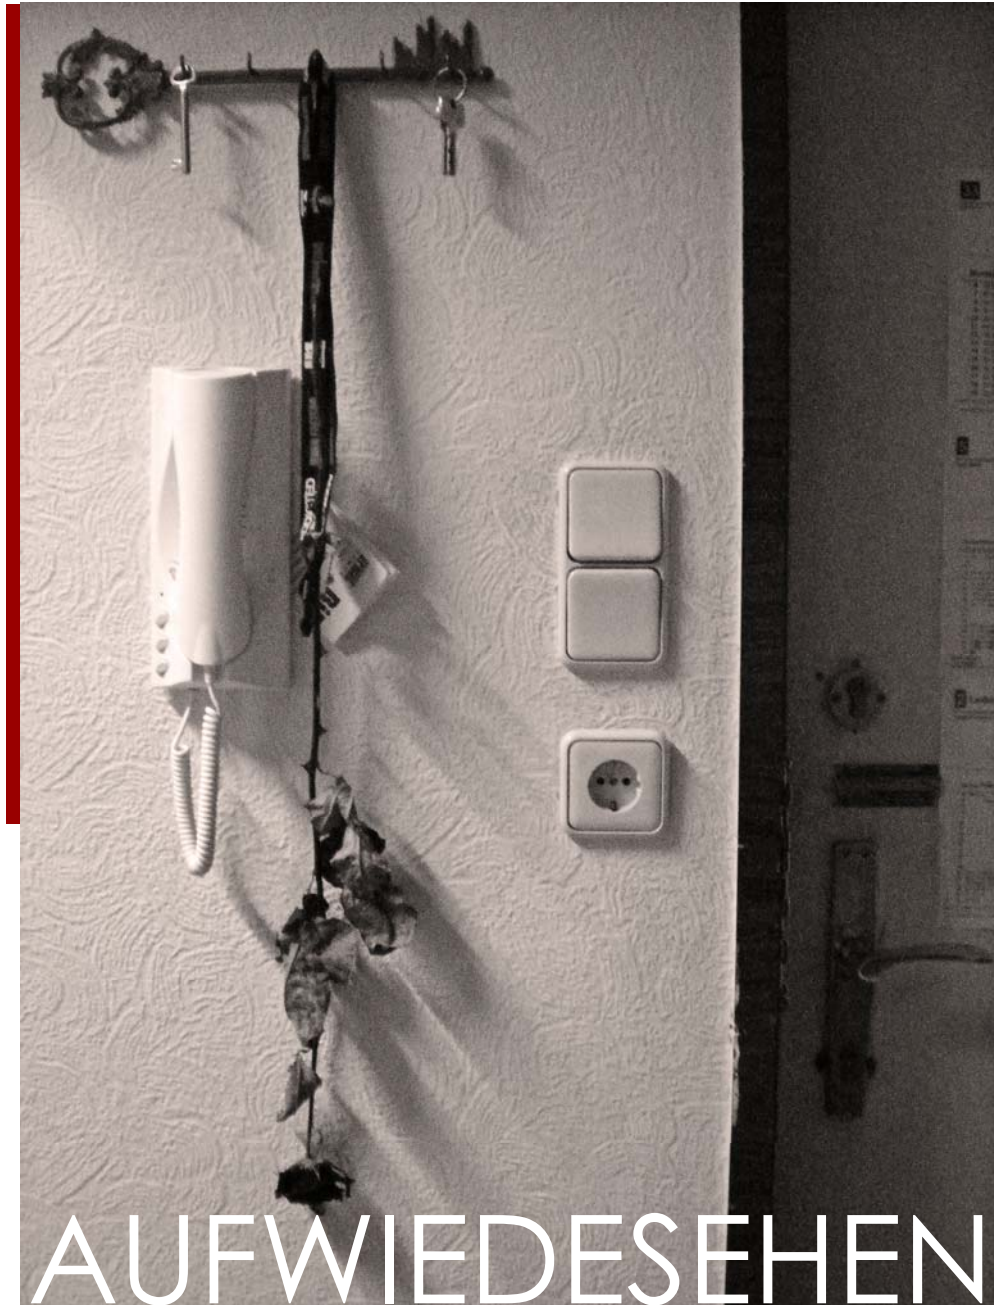

1 3

INTERIOR

LEDERERGASSE ⇒ FLAT ⇒ TOILET

Last but not least...
Pay attention at the
wall plug!

AUFWIEDESEHEN!!!
